

PROFILE

I am a highly motivated and versatile professional with a strong foundation in software development and data analysis. Proficient in HTML, CSS, Python, Java, JavaScript, and SQL, I bring a diverse skill set that enables me to tackle complex technical challenges effectively. My expertise in Microsoft Excel and Power BI allows me to transform raw data into actionable insights and visually appealing dashboards.

With excellent communication skills in English, I excel in collaborative environments, ensuring seamless interaction with team members and stakeholders. My commitment to continuous learning and passion for technology drives me to deliver innovative solutions and contribute positively to organizational goals.
